Meet the Teacher!!

Monday, August 10th

We strongly feel that our students and parents need a chance to see their teachers and classrooms before school starts! Parents will have a chance to drop off school supplies and pick up beginning of the year information from teachers. We will be limiting the amount of people in each classroom, so try and move through as quickly as possible! Parents will enter through the main doors and exit through the back, or side doors, depending on the building. **Masks are required for ALL adults and students in 5th grade or older.**

If you need to register students, please come to the school during regular business hours-9:00-3:00-before Meet the Teacher. We will NOT be registering students at this time!!

PK students are being scheduled for Meet the Teacher so they'll have more time to see their classroom and get to know Mrs. Mosher and Mrs. Hackler.
